AGREEMENT FOR SERVICE

White Oak Water Supply Corporation (the “Corporation”) agrees to sell and deliver water to the applicant/customer and the applicant/customer agrees to purchase and receive water from the Corporation in accordance with the rules and regulations adopted by the Corporation, including those in its Tariff on file with the Corporation and the Texas Commission on Environmental Quality (the "Commission").

All water will be measured by meters that are furnished, installed, owned and maintained by the Corporation. The meter and/or connection are for the sole use of the applicant/customer to serve water to one dwelling, business or property. The applicant/customer shall not share, resell, or submeter water to any other dwelling, business, property, etcetera, without the specific written authorization of the Corporation and in compliance with applicable laws and regulations. The Corporation has the right to locate a water service meter and the pipe necessary to connect the meter on the property of the applicant/customer at a point mutually agreeable to both the Corporation and the applicant/customer. The applicant/customer will allow the Corporation access at all reasonable times to property and equipment located on applicant's/customer's premises for the limited purpose of reading the water meter, repairing or replacing existing facilities and the inspection of

applicant's/customer's facilities to check for illegal connections or unsafe plumbing practices or cross connections, in compliance with the requirements of the Commission's "Rules and Regulations for Public Water Systems."

The applicant/customer will install, at his/her own expense a service line from the water meter to the point of use which includes a cutoff valve and any other appropriate backflow prevention device, as determined by the Corporation, on the applicant's/customer's side of the water meter. The applicant/customer will be responsible for maintenance and repair of the service line. The use of pipes or pipe fittings that contain more than 8.0% lead or solders and flux that contain more than 0.2% lead is prohibited for any plumbing installation or repair of any residential or non-residential connection which provides water for human consumption and connected to the water supply.

If this agreement is for new construction or improvements, the applicant/customer including builders and owners, shall deposit \$500.00 with the Corporation of which all or a portion thereof may be refunded as provided in Section 2.07 of the Tariff ninety (90) days following the presentation of a completed Customer Service Inspection Certification to the Corporation. Such builder/construction deposit shall automatically expire twelve (12) months after the application date, and water service shall be terminated unless: (1) a Customer Service Inspection Certification has been presented to the Corporation or (2) a written request for an extension of such builder/construction account for a period not to exceed six (6) months for the purpose of completing construction has been approved by the Board. All other residential applicants/customers applying for continuous service shall submit and maintain on file a \$300 deposit with the Corporation if an owner with proof of ownership. All other non-residential applicants/customers applying for continuous service shall submit and maintain on file a deposit with the Corporation equal to the greater of \$300 or 1/6 the estimated annual billing. In addition, a capital contribution fee of \$1,800 must be paid as a one-time assessment for each new customer not residing within the original area contemplated for service (White Oak Estate, Sections 1, 2 & 3), which amount is based on the capital contribution paid by those customers. Prior to installing a private irrigation well, the applicant/customer agrees to notify the Corporation in compliance with the Tariff.
